Information Before Enrollment

Welcome

Dear New Students,
Welcome to Tzu Chi University.

The moment you step onto our campus; a brand-new journey officially begins. University is far more than a place to acquire professional knowledge; it is a vital stage for self-discovery, cultivating capabilities, and establishing your direction in life. We look forward to seeing you discover your potential and find your mission and value in serving society through learning and practice in the days ahead.

Tzu Chi University has always upheld the educational philosophy of "Equal Emphasis on Professionalism and Humanities." We continuously strive for excellence in fields such as medical and health sciences, engineering and technology, humanities and social sciences, education and communication, management, and sustainable development. Furthermore, we actively promote artificial intelligence, cross-disciplinary innovation, and international exchanges. In recent years, our faculty and student teams have repeatedly achieved outstanding results in international invention exhibitions, innovation and entrepreneurship competitions, academic research, and social practices—fully demonstrating the TCU spirit of pursuing excellence and embracing innovation.

In the face of a rapidly changing world, we aim not only to cultivate professional competencies but also to nurture hearts that care for life, respect others, and give willingly. While knowledge can pave the way for the future, the humanities bring warmth to the world. When professionalism is combined with kindness, it creates far greater value and impact.

Nestled between the mountains and the sea, Hualien possesses a unique cultural and natural environment. May this land accompany you as you grow. Beyond classroom learning, we hope you will expand your horizons, enrich your life, and become a global citizen with professional skills, integrity, and an international perspective through service-learning, club activities, volunteerism, and international exchanges.

Tzu Chi University is fully prepared to accompany you on this journey. We look forward to meeting you on campus and working together to embark on a voyage filled with wisdom and love!

Wishing you all a fulfilling and wonderful university life!

With my best wishes,

Ingrid Y Liu, Ph.D.

【Beautiful Taiwan and Hualien】

【Overview of Taiwan】

Population: 23.57 million (as of April 2018)

Area: 36,197.067 square kilometers

People: Han Chinese (97%), Indigenous

Peoples (2%), Others (1%)

Languages: Mandarin, Taiwanese, Hakkanese, Aboriginal

Major Foreign Languages: English, Japanese

Time Zone: National Standard Time(UTC+8), no daylight saving time

Standard Voltage: 110V, 60Hz

【Geographical Environment】

Taiwan is located between the southeastern coast of the Asian continent and the East Asian islands distributed along the western Pacific Rim. To the north lie Japan and the Ryukyu Islands; to the south are the Philippine Islands; to the west is Mainland China. Taiwan is a long, narrow island stretching from north to south. The island is about 395 kilometers long and about 144 kilometers wide, with a total land area of around 36,000 square kilometers (about 14,400 square miles).

【Topography】

Taiwan is endowed with steep mountain ranges; therefore, great altitude differences occur throughout the island. Most mountain ranges run in a north-northeast to south-southwest direction. The highest point is Yushan Peak of the Yushan Mountain Range, which reaches an elevation of 3,952 meters above sea level, making it the highest peak in Northeast Asia. Since mountain areas cover a majority of the island, Taiwan's ecological resources are abundant. The plains of Taiwan are relatively narrow and found only in the western region and the longitudinal valley along the east coast. These also happen to be the most densely populated areas in Taiwan.

【Climate】

Average annual rainfall in Taiwan is 2,515 mm. It is a tropical and subtropical climate zone with a high temperature and rainy climate. The average temperature for the northern half of the island is about 21.7°C; the average temperature for the southern half is around 24.1°C. The island is coldest from January through March with temperatures dropping to around 10°C. From June to August, hot weather prevails, with temperatures rising to 38°C. More moderate temperatures follow in the months between, with an average temperature of 25°C.

【Introduction to Hualien】

Hualien is eastern Taiwan's second largest city and one of the more pleasant small localities in Taiwan. Many tourists enjoy the Taroko Gorge, delicious cuisine, and elegant accommodations here. Backpackers can also find restaurants to eat at, guesthouses to stay in, and vehicles to use near the train station. Heading east, you can reach Meilun Mountain and Hualien Port. The area features spacious streets, tranquil parks, breathtaking ocean views, and convenient bike paths. It also offers upscale hotels and exquisite restaurants.

During the Qing Dynasty, immigrants from Fujian were amazed to see wave after wave of surging tides on the sea, leading them to name the area "Huilan" (meaning surging waves). The name was later changed to "Hualien." Tourism is a major source of income for Hualien, which is also rich in marble deposits, making it a key hub for Taiwan's cement production.

You can go online and learn more about the beauty of Hualien, such as:

【Hualien Climate】

Hualien City experiences hot, humid, and overcast summers, while winters are comfortable, windy, and cloudy. The annual temperature generally ranges from 15°C to 32°C, rarely dropping below 12°C or rising above 34°C.

【Clothing Recommendations】

Spring (January to March): Layering is recommended. Prepare sweaters, long-sleeve shirts, and jackets.

Summer (April to June): Pack short-sleeve shirts and light jackets.

Other Things to Do in Taiwan

Purchasing Insurance

Accident and Health Insurance

International students must provide proof of a health insurance policy covering at least six months before registration. If the policy is issued outside of Taiwan, it must be verified by a Taiwanese overseas representative office. Since you are currently ineligible to enroll in Taiwan's National Health Insurance, the Office of Global Affairs (OGA) can assist you in purchasing a six-month insurance policy. The cost is NT\$3,000 for international students and NT\$600 for overseas Chinese students.

Student Group Insurance

- ✧ The insurance company will cover part of the costs for medical treatment, surgeries, and hospitalization due to accidents. The policy includes coverage for accidental medical expenses, surgeries, and hospitalization for illnesses. (For detailed information, please refer to the Tzu Chi University Health Care Section webpage - Student Group Insurance).
- ✧ Insurance Period: The policy is processed at the beginning of each semester and covers the following periods: February 1 to July 31 and August 1 to January 31 of the following year.
- ✧ Insurance Claim Procedure: Complete the "Student Insurance Claim Application Form" (available for download on the Health Care Section webpage). Attach the diagnosis certificate, medical expense receipts, and a copy of the beneficiary's bankbook. Submit these documents to the Health Care Section for review and processing by the insurance company.

Uniform Fitting

We are one of the few universities that require students to wear uniforms. There are two types of uniforms: a polo shirt for daily classes and a formal uniform for important occasions. The reason of wearing uniforms is simplicity and elegance, ensuring everyone wears the same uniform to avoid noticeable differences.

Health Examination

The health examination includes physical measurements (height, weight, blood pressure, waist circumference, hip circumference, vision, etc.), blood tests, urine tests, X-rays, and other assessments. Fasting is not required for the blood test. For the urine test, if it coincides with your menstrual period, please submit the urine sample to the hospital's laboratory on the second floor within three days after your period ends.

Joining Clubs

Clubs help students develop various skills, and the university encourages participation in clubs and school activities. Currently, there are around 70 clubs on campus, offering students a wide range of choices. Our clubs are well-managed and have received recognition and awards from the Ministry of Education.

Meeting with Tzu Cheng Fathers and Yi De Mothers

The "Tzu Cheng Yi De Association" is a unique feature of Tzu Chi's education mission. Members are Tzu Chi volunteers from all walks of life, including professors, doctors, lawyers, public servants, business professionals, and housewives. Each month, they travel from across Taiwan to Tzu Chi University to engage with students in a family-style gathering. By sharing their diverse experiences and roles in family and society, they serve as genuine and virtuous role models, guiding students to explore the meaning of life. Together, they practice respect for life and compassion for all living beings.

However, if the perpetrator is currently serving or has previously served as the president of a school, the application or report shall be filed with the competent authority having jurisdiction over the school at the time of the incident (hereinafter the "competent authority of jurisdiction").

If the perpetrator served concurrently at multiple schools at the time of the incident, the school of jurisdiction shall be the school where the perpetrator held the concurrent position.

If the perpetrator has no current affiliated school, the competent authority of jurisdiction at the time of the incident shall assume jurisdiction.

Article 12

If the perpetrator's current affiliated school differs from the school of jurisdiction, the school of jurisdiction shall notify, in writing, the perpetrator's current affiliated school to send a representative to participate in the investigation. Article 13

In cases described in Paragraph 2 of Article 11, the school of jurisdiction shall notify, in writing, the perpetrator's current full-time affiliated school to send a representative to participate in the investigation. The notified school shall not refuse this request.

Upon completion of the investigation, if the incident is found to be substantiated, the school of jurisdiction shall forward the investigation report and its recommendations for handling the matter to the perpetrator's current full-time affiliated school for action in accordance with Article 31.

Article 14

If, at the time of the incident, the perpetrator simultaneously held two or more identities (e.g., president, faculty member, staff member, janitor, or student), the perpetrator's identity at the time of interaction with the victim shall determine the capacity in which the perpetrator is investigated and also determine the school or authority of jurisdiction.

If it is not possible to determine the perpetrator's identity at the time of the incident, or if the perpetrator's school enrollment status was not yet confirmed due to an educational transition period, the school receiving the application or report shall be the school of jurisdiction. Relevant schools shall send representatives to participate in the investigation. However, if both the perpetrator and victim hold student status at the time of the application or report, the perpetrator's affiliated school shall be the school of jurisdiction.

Article 15

If there are multiple perpetrators affiliated with different schools, the school of the first perpetrator whose application or report for investigation was accepted shall serve as the school of jurisdiction. The other involved schools shall send representatives to participate in the investigation.

If the receiving unit lacks jurisdiction over the case, it shall transfer the case to the competent authority or school with jurisdiction within seven working days and notify the parties concerned. If a dispute arises over jurisdiction during an educational transition period, the matter shall be resolved by their common higher-level authority. If no common higher-level authority exists, the respective higher-level authorities shall reach a resolution through consultation.

Article 17

After reporting a campus gender-based incident, in accordance with Paragraph 3, Article 22, and Article 25 of the Gender Equity Education Act, the incident shall be referred to the University's Gender Equity Education Committee (GEE Committee) for handling. If a president, faculty member, or staff member forges, alters, destroys, or conceals evidence concerning a campus gender-based incident (other than those involving lifetime or one- to four-year disqualification from appointment, employment, hiring, or utilization) and such evidence pertains to campus sexual assault, the individual may be dismissed, removed from their position, have their contract terminated, or otherwise cease to be employed or utilized in accordance with relevant regulations. If the individual involved is a student who has committed a campus sexual harassment or sexual bullying incident with comparable severity, the same rules shall apply *mutatis mutandis*.

For presidents, faculty, or staff to whom the Teachers' Act, the Educational Personnel Employment Act, civil service-related laws, or laws governing Army, Navy, or Air Force personnel apply, their dismissal, suspension, removal, discharge, suspension from duty, or retirement shall be handled in accordance with the provisions of those laws. If the individual is not dismissed, removed, discharged, or retired, they shall be transferred away from their current position at the school.

Article 18

An applicant or informant may apply for an investigation or submit a report in writing, orally, or by email. If done orally or by email, the GEE Committee shall record the statement, read it aloud or provide it for review by the applicant or informant, and have them sign or affix a seal after confirming its accuracy.

The written record or the recorded statement made orally or by email, as mentioned in the preceding paragraph, shall include the following information:

4. Review whether to recommend forming an investigation team.
5. Submit a list of recommended investigation team members to the GEE Committee for consideration.

Article 20

If, in handling a bullying incident, the University discovers that it may constitute a suspected campus gender-based incident, such incident shall be treated as a report. The University's anti-bullying task force shall refer the case to the GEE Committee to be handled in accordance with the preceding article.

Article 21

Within twenty (20) days of receiving an application for investigation or a report, the University shall notify the applicant, the victim, or the informant in writing whether the matter will be accepted for investigation. If the application or report is not accepted, the written notice shall explain the reasons in accordance with Paragraph 3, Article 32 of the Gender Equity Education Act, and shall inform the applicant, the victim, or the informant of the deadline and the unit authorized to accept an appeal.

If the applicant, the victim, or the informant has not received any notification within the aforementioned period, or if they receive a notification of non-acceptance, they may submit a

written appeal stating their reasons to the University within twenty (20) days from the day following the non-acceptance notice. If the appeal is made orally, the University shall produce a written record, read it aloud or provide it for review by the applicant, victim, or informant. Once the content is confirmed as accurate, it shall be signed or sealed by them.

Only one appeal regarding non-acceptance is allowed.

Upon receiving the appeal, the University shall forward the application or report to the Gender Equity Education Committee (GEE Committee) for reconsideration of its acceptance. A written decision on the appeal shall be issued within twenty (20) days to the appellant. If the appeal is deemed justified, the GEE Committee shall proceed with the investigation and handling in accordance with the law.

Article 22

When handling a campus gender-based incident, the GEE Committee may establish an investigation team. In principle, the investigation team shall have either three (3) or five (5) members, and the composition shall comply with Paragraphs 3 and 4 of the Gender Equity Education Act.

1. The perpetrator shall appear in person for the investigation. If a party is a minor, their statutory representative or actual caregiver may accompany them during the investigation.
2. If a party holds a disability identification issued by a competent authority or a valid special education student assessment certificate, the investigation team shall include a member with special education expertise.
3. If there is a power imbalance between the perpetrator and the victim, informant, or any invited witness, opportunities for direct confrontation shall be avoided.
4. The names and any identifying information of the perpetrator, victim, informant, or any invited participants in the investigation shall be kept confidential. However, if disclosure is necessary for investigation or public safety, this restriction does not apply.

8. If necessary for the investigation, written materials may be prepared, within the scope of confidentiality obligations, and presented to the perpetrator, the victim, or any invited witness for reading or explanation.
9. If the applicant withdraws their application for investigation, the University may, through a resolution of the GEE Committee or at the perpetrator's request, continue the investigation to clarify legal responsibilities. If the competent authority finds the circumstances significant, it shall order the school of jurisdiction to continue the investigation.
10. Requests from parties to read, copy, reproduce, or photograph relevant materials or case files shall be handled in accordance with the Administrative Procedure Act.
11. The investigation interview process may be recorded, and video recording may be used if necessary. The interview records shall be read aloud or presented to the parties for review. Once confirmed as accurate, the parties shall sign or seal the records.

Article 25

Any person who violates the confidentiality obligation shall be subject to punishment under the Criminal Code or other relevant laws and regulations.

Original documents containing the names of parties, informants, and witnesses shall be sealed and not made available for inspection or provided to any entity other than the investigation or judicial authorities. However, this restriction does not apply where otherwise provided by law.

Except for original documents, any written materials prepared by persons handling campus gender-based incidents for external use shall have the real names and other identifying information of the parties, informants, and witnesses deleted and replaced with code names.

Article 26

In order to safeguard the educational or employment rights of the parties involved in a campus gender-based incident, the University may, when necessary and pursuant to Article 24 of the Gender Equity Education Act, take the following measures, and shall report them to the competent authority for future reference:

1. Flexibly handle attendance records or performance evaluations, and actively assist with academic or work-related tasks. Such assistance shall not be limited by leave regulations or teacher and student performance evaluation rules.
2. With respect for the victim's wishes and in order to reduce interactions between the parties, and at the request of the victim or upon the GEE Committee's assessment of the incident's impact on the victim's right to education and campus safety, suspend any teaching, guidance, training, evaluation, management, student counseling, or employment relationship between the parties, or order the perpetrator to recuse themselves.
3. Prevent retaliation.
4. Prevent or reduce the likelihood of further harm by the perpetrator.
5. Other measures deemed necessary by the GEE Committee.

If the parties involved are not affiliated with the University, their respective schools shall be notified to handle the matter in accordance with the preceding paragraph.

The necessary measures described in the preceding two paragraphs shall be implemented after a resolution passed by the GEE Committee.

Article 27

In accordance with Paragraph 1, Article 25 of the Gender Equity Education Act, the University shall, considering the physical and mental condition of the parties, proactively refer them to various relevant agencies to provide necessary assistance.

If the parties are not affiliated with the University, their respective schools shall be notified to provide necessary assistance as stated in the preceding paragraph.

Article 28

The assistance referred to in the preceding article includes:

1. Psychological counseling and support.
2. Legal assistance.
3. Academic assistance.
4. Financial assistance.
5. Referral services for social welfare resources.

6. Other protective measures or assistance deemed necessary by the GEE Committee.

The University may commission physicians, clinical psychologists, counseling psychologists, social workers, lawyers, or other professionals to provide the aforementioned assistance. Any required expenses shall be covered by the University's budget.

Article 29

The GEE Committee's investigation and handling of campus gender-based incidents shall not be affected by whether judicial proceedings are initiated or the outcome of such proceedings.

The investigation procedure shall not be suspended due to the perpetrator losing their original status.

Article 30

To respect professional judgment and avoid repetitive inquiries, the University shall rely on the GEE Committee's investigation report for factual determinations related to a campus gender-based incident.

If, after reviewing the investigation report, the GEE Committee concludes that the campus gender-based incident is substantiated and recommends a change in the perpetrator's status, the University shall attach the investigation report approved by the GEE Committee and notify the perpetrator to submit a written statement of opinion within a specified period.

If the perpetrator does not submit a written statement of opinion within the specified period, it shall be deemed a waiver of the opportunity to state their opinion. If a written statement of opinion is submitted, the GEE Committee shall convene another meeting to consider it. Except in cases where there are major procedural flaws in the investigation or new facts or evidence sufficient to affect the original findings, the GEE Committee shall not re-investigate the case.

In reviewing or deciding on disciplinary action, unless there is a circumstance under Paragraph 3, Article 37 of the Gender Equity Education Act, the competent authority may not require the GEE Committee to re-investigate, nor may it conduct its own investigation.

If, in accordance with relevant laws and regulations, the competent authority responsible for making a decision must allow the perpetrator an opportunity to state opinions, it shall attach the investigation report approved by the GEE Committee.

Before rendering a decision, the competent authority shall notify the victim, their statutory representative, or their actual caregiver to submit a written or oral statement of opinion within a specified period. If an oral statement is provided, the competent authority shall produce a written record, read it aloud or provide it for review by the victim, their statutory representative, or their actual caregiver. Once confirmed as accurate, it shall be signed or sealed. Failure to submit a statement of opinion within the specified period is deemed a waiver of such an opportunity. If a written statement of opinion is submitted, the competent authority shall consider it.

Article 31

If, after investigation by the GEE Committee, a campus gender-based incident is found to be substantiated, the University shall, in accordance with Paragraph 1, Article 26 of the Gender Equity Education Act, give the perpetrator an admonition, demerit, dismissal, suspension, non-renewal of employment, discharge, termination of contract, termination of utilization, or other appropriate disciplinary measures. If another agency has the authority to make a decision based

on relevant laws or regulations, the incident shall be referred to that agency for action. If it is proven that the applicant or informant made a false accusation, appropriate disciplinary measures shall be taken against them in accordance with the law.

Any measures taken under Paragraph 2, Article 26 of the Gender Equity Education Act shall be ordered by the University and implemented with necessary measures to ensure the perpetrator's compliance. The nature of the measure, its implementation method, duration, and legal consequences for non-compliance shall be stated in the written notification of the handling result. In accordance with the preceding paragraph, the GEE Committee shall decide on the nature, implementing unit or personnel, implementation method, duration, and cost allocation of the following:

1. Requiring the perpetrator to receive psychological counseling and support.
2. Requiring the perpetrator, with the victim's, statutory representative's, or actual caregiver's consent, to apologize to the victim.
3. Requiring the perpetrator to complete eight (8) hours of gender equity education-related courses.
4. Other measures consistent with educational objectives.

For the measures under Subparagraph 4 of the preceding paragraph, if the perpetrator is a student, the necessary actions may be integrated into school curricula or promotional activities, with records kept as appropriate.

In accordance with Subparagraph 2, Paragraph 2 of Article 26 of the Gender Equity Education Act, the requirement for the perpetrator to undergo eight (8) hours of gender equity education-related courses shall be planned by the competent authority having jurisdiction over the school.

Article 32

When providing written notice of the handling results to the applicant, the victim, and the perpetrator, the University shall attach the investigation report and inform them of the deadline and the unit for filing an appeal.

The handling result shall include factual determinations, measures taken, and the outcome of the decision.

If the applicant, the victim, or the perpetrator disagrees with the University's handling result, they may file a written appeal with the University within thirty (30) days from the day following receipt of the written notification, stating their reasons. If made orally, the University shall produce a written record, read it aloud or provide it for review. Once confirmed accurate, it shall be signed or sealed by the applicant, the victim, or the perpetrator.

Upon receiving the appeal, the following procedures shall apply:

1. The designated unit of the University receiving the appeal shall immediately form a review panel, which shall make a reasoned decision within thirty (30) days and notify the appellant in writing of the appeal result.
2. The review panel shall include three (3) or five (5) members, comprising gender equity education experts/scholars and legal professionals. Female members shall constitute more than one-half of the panel, and experts/scholars with professional competence in investigating campus gender-based incidents shall constitute at least one-third of the panel.

3. Members of the original GEE Committee or the original investigation team shall not serve on the review panel.
4. When convening, the review panel shall select a convener from among its members to preside over the meeting.
5. During the review meeting, the panel may, as needed, allow the appellant to state their opinions, and may invite relevant GEE Committee members or investigation team members to attend and provide explanations.
6. If the appeal is found to be justified, the decision on the appeal shall be forwarded to the relevant competent authority for a new decision. If there are major procedural flaws in the investigation as specified in Paragraph 3, Article 37 of the Gender Equity Education Act or Article 30, Paragraph 2 of these Guidelines, or if new facts or evidence are sufficient to affect the original findings, the review panel may request the GEE Committee to re-investigate.
7. Before the review panel's appeal decision is delivered to the appellant, the appellant may, *mutatis mutandis*, apply the preceding paragraph to withdraw the appeal.

A “major procedural flaw” in the investigation as specified in Paragraph 3, Article 37 of the Gender Equity Education Act and Paragraph 2, Article 30 of these Guidelines refers to any of the following circumstances:

1. The organization of the GEE Committee or the investigation team is illegal.
2. Failure to provide any party the opportunity to state their opinions.
3. Failure to recuse individuals who should have been recused.
4. Failure to investigate evidence that should have been investigated.
5. Evidence evaluation is flawed in a manner that affects the factual findings.
6. Other significant flaws sufficient to affect the factual findings.

Article 33

If the perpetrator is the President of the school, and the applicant or victim files an appeal with the competent educational authority in accordance with the proviso of Paragraph 1, Article 37 of the Gender Equity Education Act, such appeal shall be handled in accordance with Paragraph 3, Article 32 of these Regulations.

If the perpetrator is a member of the faculty or staff, and the applicant or victim files an appeal with the competent educational authority in accordance with the proviso of Paragraph 1, Article 37 of the Gender Equity Education Act, the procedures prescribed in Paragraph 4, Article 32 of these Regulations shall apply *mutatis mutandis*. The educational authority may invite representatives from the Gender Equity Education Committee (GEE Committee) or the investigation team of the school of jurisdiction to attend and provide explanations.

If the applicant or victim files an appeal with the competent educational authority, and the perpetrator also files an appeal with the school, the school shall immediately report this to the competent authority to consolidate the cases for joint review.

If, upon review, the authority finds that the school's handling results were unlawful or inappropriate, the GEE Committee established by the competent authority shall deliberate and provide the following recommendations:

1. Whether there is a need to revise the school's handling results.
2. Reasons for returning the case to the school for handling in accordance with the law.
3. Measures to hold related personnel accountable.

Article 34

In accordance with Paragraph 1, Article 28 of the Gender Equity Education Act, archival records shall be established and retained for twenty-five (25) years by a designated unit. 8. Records of the investigation and interviews, including dates and parties interviewed.
9. Statements and responses from the person under investigation, the applicant, witnesses, and other related persons.
10. Examination of relevant physical evidence.
11. Factual determinations and the reasons therefor.
12. Recommendations for handling.

The destruction of archived data established pursuant to Paragraph 1 may be handled in accordance with Article 13 of the Regulations Governing Retention and Destruction of Government Records.

Article 35

Upon obtaining factual information related to an incident as stipulated in Paragraph 3, Article 29 of the Gender Equity Education Act, and after notifying the parties to provide their statements, the University shall submit the matter to the GEE Committee for verification and review.

Article 36

When reporting in accordance with Paragraphs 2 and 3, Article 28 of the Gender Equity Education Act, the content of the report shall be limited to the time and nature of the substantiated campus gender-based incident, as well as the perpetrator's name, title, or student enrollment data.

If necessary, the University shall provide the next institution of enrollment or employment with counseling, prevention education, or related measures, as well as other necessary information.

After follow-up counseling of the perpetrator, if it is assessed that the perpetrator is unlikely to re-offend, the University may note the perpetrator's improved status in the content of the report described in Paragraph 1.

Article 37

If a hired or appointed faculty member, staff, civil servant, or military personnel involved in a campus gender-based incident applies for retirement or severance, the following procedures shall apply:

1. The relevant committee(s), such as the Faculty Evaluation Committee, Coach Evaluation Committee, GEE Committee, Performance Evaluation Committee, Personnel Review Committee, or other legally formed committees, shall be convened to thoroughly review and assess the wrongful conduct involved in the campus gender-based incident and determine whether dismissal, suspension, or non-renewal of employment should be executed according to the applicable laws and regulations. The case shall then be submitted to the competent authority for approval or processed in accordance with internal procedures. It may also be handled in accordance with the Civil Service Discipline Act by referral for disciplinary action or by submitting it to the Control Yuan for review, and to determine if suspension or dismissal should be imposed under relevant laws.
2. If, after convening the relevant committee(s) as described in the preceding subparagraph, it is concluded that there is a need, under applicable laws, to resolve the matter by dismissal, suspension, non-renewal, referral for disciplinary action in accordance with the Civil Service Discipline Act, submission to the Control Yuan for review, or applying relevant laws for suspension or dismissal, the application for retirement or severance shall not be processed. Written notice stating the reasons shall be provided to the party. Conversely, if it is concluded that there is no need for the above actions and the application for retirement or severance is accepted, a written statement of reasons and relevant review materials shall be submitted to the authority with approval jurisdiction when forwarding the case for final approval.
3. The procedures prescribed in the preceding two subparagraphs shall be concluded within two (2) months from the date the school receives the retirement or severance application from the faculty, staff, civil servant, or military personnel involved in a campus gender-based incident. If necessary, this period may be extended once, and the applicant shall be notified of the extension before the original processing period expires.
